Bio-diversity is a gift.
It is God's fingerprint.

Our Unique Children by Mary Southard, CSJ
Every culture... every being is a face and voice of divinity. 
Take off your shoes. This is Holy Ground.

"I do not want my house to be walled in on all sides and my windows to be stuffed. I want the cultures of all lands to be blown about my house as freely as possible... But I refuse to be blown off my feet by any." ~ Gandhi

Diversity: Everything is different from everything else (everything is unique) Without difference there would be no creation or expansion. Margaret Wheatly says ‘It’s not our differences that divide us. It’s our judgements about each other that do.’

How do I experience God’s fingerprint of diversity in our lives as women and men? When do I experience ‘diversity’ as a blessing and when does it become a stumbling block for me?
